Cairo, Nov. 6 (AP)-Fast-moving British armored forces pursued Marshal Rommel's beaten and fleeing arm westward beyond El Daba today, slashing at the Axis rearguards in relentless attacks which the British said had resulted in the capture of 4,000 more prisoners and the destruction of at least 79 more tanks.

Lieut. Gen. B. L. Montgomery, commander of the Eighth Army, confidently proclaimed a complete and absolute victory for the Allies in Egypt and declared that his troops would wipe out all the Axis forces remaining in north Africa.

Official British figures placed Axis prisoners at 13,000, and the number was growing hourly.

### BRITISH FIGHT INSIDE AXIS **POSITIONS**

Cairo, Nov. 6 (AP)-Three fast armored divisions of the British Eighth Army led by Lieut, Gen. Bernard L. Montgomery have driven two wedges through Marshal Rommel's forces and are fighting inside enemy positions.

The Axis high commands conceded that the Allied offensive was nearing Matruh, 104 miles west of the old El Alamein battleline, but the British said officially only that the battle had been carried "well west of El Daba," 33 miles from Alamein. Tanks were operating at the

heels of the Axis retreat in the El Daba sector, a British communique said. Portions of Rommel's armies

hich managed to escape the tank wedging and encirclement were said by Montgomery to be in full retreat. This situation-of deep tank thrusts encirclement and ham-

mering pursuit-suggested that the fate of the German-Italian north African corps might well be sealed before the surviving portions could retreat across the Egyptian Libyan border some 150 miles farther west.

#### Germans Abandon Italians

Cairo, Nov. 6 (AP)—Fast-moving British armored forces pursued Marshal Rommel's beaten and fleeing arm westward beyond El Daba today, slashing at the Axis rearguards in relentless attacks which the British said had resulted in the capture of 4,000 more prisoners and the destruction of at least 79 more tanks.

Lieut. Gen. B. L. Montgomery, commander of the Eighth Army, confidently proclaimed a complete and absolute victory for the Allies in Egypt and declared that his troops would wipe out all the Axis forces remaining in north Africa.

New York, Nov. 6 (AP)-All those dire predictions of second-rate football early this fall because various conferences and independent elevens augmented their slender supply of gridiron talent by use of freshmen aren't borne out in a survey made by the Associated Press.

Taking 20 of the schools in the informal Eastern sector, the southeast and the Rocky Mountain's Big Seven conferences where the yearlings this season have equal playing rights with upper classmen, it was discovered that the 1942 elevens are stronger on offense and weaker on defense than those same teams were a year ago.

#### **30TH CONTEST** OF OLD SERIES Bucknell's Thundering Bisons, improving with each week and victors over Latayette last week, will be host to the Gettysburg college tootball team in the thirtieth renormal of the old series Saturday afternoon at Lewisburg.

FOES MEET IN

The Bisons are top-heavy favorites to defeat the Bullets who are bent on repeating last year's performance when, as under-dogs, the Bream-men completely outplayed their upstate rivals to win 12-0.

The series between the teams started in 1893 and since that time 29 games were played, Bucknell capturing 20, two resulting in ties and geven decisions going to Gettys-

Coaches "Hen" Bream and "Pete" Beeson put their charges through secret drills this week which indicates a number of new plays are likely to be thrown at the Bisons. The Bullet mentors have also indicated they will make good use of their reserve strength, a number of combinations having been worked out for the coming tussle. Passing Battle

Saturday's game gives promise of developing into an aerial battle. Jim Hardy, whose passing has played important rules in the three Bullet victories this year, will be (South Pacific Time) that the ill- on the spot as it is known the Bisons are building their defense to stop his passes.

Bucknell, too, has a strong overhead attack and it is probable that both teams will resort largely to thus style of offense. Chet Podd is the ace passer for the Herd but Paar, Magagna and Johnson are also being groomed to chuck aerials against the Bullets.

No change is anticipated in the Bullet starting lineup which will probably include Yovicsin and Roberts, ends; Schumacher and Dress, tackles: Debler and Fortenbaugh, guards: Haas, center; Hardy, quarterback: Hart and Beaver, halfbacks, and March or Cervino, ullback.

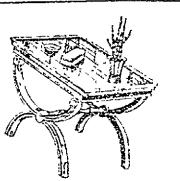

#### TO DISCUSS PRIORITIES State College, Pa., Nov. 6 (AP)-

NO REPRISALS FOR DAVIS AID, MARTIN SAYS

Harrisburg, Nov. 6 (AP)-There won't be any reprisals by Governorelect Edward Martin against leaders of counties which gave their support in the primary to U.S. Senator James J. Davis, an authoritative source said today.

"The party was together in the general election probably better than in many years and feeling seemed good between Martin and Davis forces," commented the informant, who declined use of his name.

GOP organizations in Lancaster. Montgomery, Delaware, Chester and some other counties backed Davis at the May 19 primary when he was defeated by Martin.

Four years ago Dauphin, Cumbermary and for a long time received no recognition from victorious Governor James.

### **USO DONATIONS REACH \$1,776**

Sleadily growing lists of USO contributors today sent the fund up to \$1,776.99 on the records of Mrs. Ellen Tipton Buehler, USO treasurer for the county drive.

Topping the list of donors reported so far are these contributors in New Oxford. The Alwine Brick company there has turned over \$250 to the New Oxford solicitors and the Aero Oil company, whose president is M. D. DeTar, the USO campaign manager, has donated \$100. The Lions club of New Oxford made a contribution of \$75.

Excepting for the previous report of \$577.46 from McSherrystown in their drive earlier in the year, New Oxford now heads all county communities in the current appeal with a total of \$566.45. East Berlin is next with \$225.15 while Gettysburgwith five sections reporting-has given only \$181.50 so far.

Other Sections Report

Other amounts reported from various county communities follow: Littlestown, \$36.26; Wenksville, \$23.05; Bonneauville, \$63.40; New Chester, \$11.22; Hunterstown, \$31.50; Arendtsville, \$20; Heidlersburg, \$13, and Table Rock, \$28.

These reports are on file from Gettysburg solicitors: \$49.35 from West Middle street; \$89.50 from Springs avenue; \$9.90 from York street; \$18.50 from upper East Middle, South Stratton and East High streets, and \$14.25 from lower East Middle and Liberty streets. **UNION AIMED** TO GIVE ALL HELP TO WAR

Washington, Nov. 6 (AP)-A movement developed on capitol hill today for a Republican-Democratic "victory coalition" to proclaim a holiday on politics and drive toward the one common aim of winning the

The alliance would throw the power of both parties behind President Roosevelt for the most effective prosecution of war, but the Republicans coupled their pledge of support with demands for an end to "new deal politics and experiments."

"We are willing to forget the election if the administration will remember the implications it contained," said Senator McNary of Oregon, the Republican leader.

Another leading Republican, Senator Vandenberg of Michigan, proposed the coalition, saying Congress should create a "unified committee on war cooperation." Other Developments

But while unity in the war effort appeared to be generally applauded, political observers watched for a possibility that House Republicans and conservative Democrats might develop a joint drive not only to halt "new dealism" but to erase some of its established works.

The first post-election session of the House heard demands from a Democrat and a Republican for repeal of the National Labor Relations (Wagner) act and the wagehour law. On the other side of the ranitol Senator O'Daniel (D-Tex) introduced a bill to suspend the 40hour week for the duration "to help solve our manpower problem."

The strength that could be engendered behind a movement to knock down new deal structures was: doubtful, however, as many House members showed a disposition to avoid all controversy that might impede the war effort.

While the Democrats retained control of the House in Tuesday's Republican sweep, the margin was so narrow that a federation of Republicans and anti-new deal Democrats can muster a majority whenever party lines are not involved.

### CIVIL SERVICE **NEEDS WORKERS**

Day by day the war creates in the Federal service new demands for civilians to serve their country in a wide variety of ways. Almost daily the Civil Service commission announces new openings for men and women with specialized and general qualifications.

Today the Civil Service announced an unprecedented need for civilian librarians in Army camps, naval stations and recruiting centers all over the country. Positions paying from \$1,260 to \$1,620 a year are open to persons with required library training or experience who can pass the written test.

There is also an intensified need in the U.S. Maritime commission for additional inspectors, the Civil service commission announces. Before new ships can leave the ways everything from marine paint to bed linen and galley pots to binoculars for experts in paints, textiles and general equipment to make inspectors at factories and points of delivery at salaries starting at \$2,600 a

FIRST O.P.A. SUIT

Philadelphia, Nov. 6 (AP)-The first suit for triple damages brought in this area under OPA price regulations is on file in Federal court today. Joseph H. Hepp asked \$177 from a furniture company-three times the amount he said he was overcharged in the purchase of a refrigerator. He also asked attorney's feet. Meanwhile the state OPA office said a consumer who pays more than the ceiling price for any article will not incriminate himself if he sues for damages. A buyer is subject to prosecution, however, if he fails to sue, the OPA said.

Mrs. Roosevelt And "Adopted Children"

Mrs, Franklin D. Roosevelt, wife of the President, visited her "adopted children" at the British children's colony near London. Funds contributed by Mrs. Roosevelt provide for the care of the children, orphaned by the war, who are, left to right: Tommy Moloney, five; Kerman Garale, 14, and Janina Dybowska, 17, who wears a Polish national costume. This picture was radioed from London to New York.

#### May Favor Sales Tax Proposal

Washington, Nov. 6 (AP)-Administration economic chieftains forecast today that sentiment for a general retail sales tax would be much stronger in the new Congress which organizes in January.

This appeared to be the only prediction in the economic field upon which these government agency leaders agreed.

A sales tax, if it materializes. either could be added onto all existing taxes or substituted for some of the heavy income taxes recently enacted. The war budget to be presented to Congress in January may influence this decision.

The influence of the election on economic issues was intensified by general agreement that argument on military matters probably will be restrained, leaving "home front" questions as an outlet for political steam.

#### Four Congressional Seats Undecided

(By The Associated Press)

The Democrats today counted 220 Representatives and 15 Senators as elected by Tuesday's elections for the 78th Congress, to convene in Janu-25% ary, while the Republicans had 208 15% House members and 18 Senators. Contests for three House seats and one Senate place still were undecided.

Minor parties winning House seats were the Progressives, taking two places, a loss of one, and American-Labor and Farm-Labor taking one

The Democrats had 41 hold-over Senators, to give them a majority in that chamber with 56 votes, to a total of 38 for the Republicans, who had 20 holdovers. There is one Progressive in the Senate hold-overs He will be the only minor party Senator after January 1. The undecided Montana Senate

race was between Democrat James E. Murray, the incumbent, and Wellington D. Rankin, Republican, Murray claimed victory, with 83.792 votes in 1,154 of the 1,185 precincts, while

Slowness again was very noticeable in all departments of the trade. While dressed beef markets throughout the East were listing prices at around ceiling levels for steer carcasses and cuts, local demand was very much at a standstill. Buyers were taking their time in looking over the available supplies. During the early action, steers and yearlings were moving at largely steady prices, with a trace of weakness here and there, this applied mainly to common and medium grades. Finishers were not quite as active as recently and this tended to create a lower tendency for such two-way kinds of steers. Heifers were scarce, holding around steady. #### Discusses Mexico For Xavier Club

Dr. Frank H. Kramer, head of the department of education at Gettysurg college, was the guest speaker the November meeting of the Mothers' club St. Francis Xavier school which was held Thursday evening at the parochial school buildard S. Codori, presiding.

Doctor Kramer's subject was 'Mexico." He spoke specially of the shrine of Our Lady of Guadalupe and described the arts and crafts of the Mexican Indians. He also exhibited pottery, blankets, pictures, basketry and other examples of Mexican handiwork that he collected on a tour of Mexico several years

At their business session the members of the club voted \$5 to the USO and decided to buy a first aid kit for the parochial school. Regular committee reports were re-

# Announce Service For Soldier Dead And Living Dec. 6

A patriotic memorial service of tribute to the men and women from Gettysburg and Adams county who are serving in the armed forces of their country and for those who have made the supreme sacrifice during the first year of the war will be held in the Majestic theatre Sunday evening, Decem-

This was the unanimous decision of a Gettysburg committee at a meeting in the parlors of the Hotel Gettysburg

The service will be open to the public and there will not be an admission or a free-will offering.

#### Three Faiths

A protestant clergyman, catholic priest and a jewish rabbi will deliver brief eulogies and the Gettysburg College choir, under the direction of Parker Wagnild, will furnish the music.

#### They Keep 'Em Straight

They "vote 'em straight" in the second district of Hamiltonban township.

On Tuesday 42 voters went to the polls in that mountainous precinct in southwestern Adams county. There were no "cut" tickets. Every democratic candidate on the ballot received 32 votes and every republican, 10 votes.

Their task greatly simplified, members of the election board were among the first to report at the court house Tuesday evening even though they had farther to travel to the county seat than most boards.

# Her Trial For Slaying RUSSIANS WILL MARK 25TH YEAR

By HENRY C. CASSIDY

Moscow, Nov. 6 (AP)-It would take more than a war with Germany to keep the Soviets from celebrating the 25th anniversary of the Bolhevist revolution tomorrow. Red banners, revolutionary slo-

gans, portraits of members of the Communist party's political bureau and all other traditional decorations have gone up for the holiday. The day will be observed with as much energy as can be spared from the main task of beating the Nazis. All workers are to be given tomorrow off, but they will be called to work Sunday, their usual rest day, to make up the lost time.

He Ain't Mad

Fort Benning, Georgia (AP) - It was the chaplain's first jump from an airplane at the parachute school, Fort Benning. He was standing in the door waiting for the command "go." And like all normal men he was sweating, and sweating plenty.

Then the command "go." The chaplain was heard to mutter something as he leaped into space. One of the jumpmasters turned to the other.

"What did he say?" The other grinned. "He said, he hopes his boss isn't mad at him today."

#### Parole Hearing Here And There News Collected At Random

(Continued from Page 1) ment to name one of its new aircraft carriers "Gettysburg."

Pride in his home town (be-

cause he's a Gettysburgian), may have prompted the following letter: "My heartiest congratulations

to you and all others for the splendid movement inaugurated to have an aircraft carrier named Gettysburg

'Visualizing some of these splendid young men we are now training . . . serving aboard a carrier named after my own home town gave me a renewed feeling of pride as well as even greater conscientiousness of effort in my own humble duties that is just indescribable.

"There is no need for me to express my good wishes for a successful ending . . . to have my home town . . . and the car-. . . so honored, but I do want you to know of my eagerness to learn the results.

Thanks a lot old fellow. We know you mean every word of your letter and we also know that you are doing a bang-up job for Uncle Sam. And if we should be so fortunate as to have a carrier named Gettysburg we hope that you will be selected as a member of the FIRST crew. Good luck.

Incidentally, Congressman Harry L. Haines informed us Monday morning that his appeal to the Navy department to have a carrier named Gettysburg had been warmly received and that he was assured our request will be given every consideration.

The Chamber of Commerce committee to decide upon the extent of Christmas street lights this year will soon make known its decision.

We certainly hope that the Committee will decide to carry on as in past years. Christmas is an important day in every Christian's life. It is especially important to children. The spirit of Christmas cannot be emphasized too much, especially this year. We are at war, but civilian activity must be carried on as much as possible and this is one Chamber of Commerce featture that should not be abandoned. It means a lot to everyone to remember the natal day of the King of Kings.

### 100 GRADE AND HIGH STUDENTS EARN \$9,000 ON COUNTY FARMS

With the farm and orchard labor crisis past for this year, members of the farm labor committee of the Adams county War board reviewed their season's work at a meeting last Friday evening and reported they had been responsible for 2,800 labor placements during the past season with 95 per cent of the persons in-

volved being of school age. John W. Lucabaugh, Berwick township orchardist and farmer, told the committee that 100 grade and high school pupils from East Berlin earned a total of more than \$9,000 in field and orchard work this year. He knew of one grower who paid more than \$3,600 in wages to school-age help in that part of the

Many Farmers Helped

-Committee members said that while their records showed 2,800 actual labor placements the number workers provided for county agriculture "really was two or three times that figure." The committee placed 894 workers in September and sent 880 persons into apple orchards in addition to help given cherry, vegetable and peach growers and general farmers.

The committee expressed the opinion that the county labor outlook for 1943 has improved by reason of the experience gained this year in recruiting labor and in working out the mechanics for handling the labor problem.

Superintendent J. Floyd Slaybaugh, head of the schools of the county, described to the committee the various plans that town and rural schools put into use in order to help the farmers and fruitmen.

Express Thanks The labor committee, headed by Robert Myers of Hanover R. D., directed its secretary, Richard C. Lighter, to send letters of thanks for their cooperation and assistance to Wirt Winebrenner, coordinator for the state canning industry; the Gettysburg and county superintendents of schools, Dr. Francis B. Haas, state superintendent of Public Instruction, all cooperating high school principals and all others who helped make the program a success. The committee will ask that the letter be read to the student bodies

### 55-YARD PASS FOR TOUCHDOWN FEATURES WIN

"Hen" Bream's Gettysburg college football team took to the air again on Saturday to defeat a scrappy Peccel Institute outfit 18-0 here in Eastern Pennsylvania Intercol-

legiate conference game before a crowd of less than 2,000 persons. Tony Yovicsin, Jim Hardy and

Dick March each tabbed touchdowns, the Bullets tallying in the first, third and final periods.

One of the prettiest plays of the game resulted in Gettysburg's first touchdown which came near the end of the opening quarter. After several exchanges of punts the Bullets took possession of the ball on the Dragons' 43 at which point Clyde had punted out of bounds. After falling to gain, Jim Hardy dropped back to his own 45 yard line and fired a 55-yard pass to Tony Yovicsin in the end zone for a score. Blackwood's placement for the extra point was wide.

The Bullets started another drive in the second period which was halted by a pass interception. Beginrunning of Beaver, Hardy and Cervino, but Green intercepted one of Hardy's passes behind the goal line and Drexel took the ball on the 20.

attempted pass, Cervin crashed through the line and lateralled to Haas for eight yards. Hardy then whipped another of his long tosses to Wileman which was good for 45 yards and a first down on the visitors' 5. After two of Hardy's passes were grounded, a third fell into Green's arms for the second time during the period, Drexel taking the ball on the 2 as the half ended. Drive For Score

Gettysburg staged an uninterrupted march of 54 yards for its second touchdown in the third quarter. Hardy raced around right end for 20 yards to put the ball on the Dragons' 34. Cervino and Beaver fork the ball to the 23 and then forver and Hardy on successive ries reached the 12. On a reverse Beaver picked up five yards and then Hardy went around right end for the score. Again Blackwood's kick was wide.

Dragons, aided by a 45-yard pass by Harris to the Bullets' 22, threatened to score but the Bream-men braced and took the ball on the 18.

In the last quarter the Bullets marched from their own 27 to Drexel's 17 but could not summon

# SAVOLD LOSES

New York (AP)-Boxing's wartime "Duration champ" of the heavyweights probably will come out of a November 27 Madison Square Garden bout between Tami Mauriello and Jimmy Bivins, and the prospect shouldn't make Joe Louis miss a minute's sleep or a platter of fried chicken.

For, while Mauriello showed plenty of power in the stretch to Monday evening in Littlestown with overhaul the tiring Des Moines veteran, Lee Savold, in the last two Rebekahs and Odd Fellows heats, win a ten-round decision in the Garden last Friday night and get the shot with Bivins, he didn't uncover anything that puts him in Louis' league yet.

And as for Bivins, although he holds decisions over Mauriello and Bob Pastor in recent operations, he still is barely more than a lightheavyweight. He'll probably be the betting favorite when he and Mauriello collide, and since Louis has said he didn't figure on fighting any more, the Clevelander could conceivably, by beating Tami, stay right

### 55-YARD PASS FOR TOUCHDOWN FEATURES WIN

"Hen" Bream's Gettysburg college football team took to the air again on Saturday to defeat a scrappy exel Institute outfit 18-0 here in

Eastern Pennsylvania Intercollegiate conference game before a crowd of less than 2,000 persons. Tony Yovicsin, Jim Hardy and

Dick March each tabbed touchdov/ns, the Bullets tallying in the first, third and final periods.

One of the prettiest plays of the game resulted in Gettysburg's first touchdown which came near the end of the opening quarter. After several exchanges of punts the Bullets took possession of the ball on the Dragons' 43 at which point Clyde had punted out of bounds. After falling to gain, Jim Hardy dropped back to his own 45 yard line and fired a 55-yard pass to Tony Yovicsin in the end zone for a score. Blackwood's placement for the extra point was wide.

After two of Hardy's passes were grounded, a third fell into Green's arms for the second time during the period, Drexel taking the ball on the 2 as the half ended. Drive For Score

Gettysburg staged an uninterrupted march of 54 yards for its second touchdown in the third quarter. Hardy raced around right end for 20 yards to put the ball on the Dragons' 34. Cervino and Beaver '66k the ball to the 23 and then forver and Hardy on successive tries reached the 12. On a reverse Beaver picked up five yards and then Hardy went around right end for the score. Again Blackwood's kick was wide.

Late in the third period the Dragons, aided by a 45-yard pass by Harris to the Bullets' 22, threatened to score but the Bream-men braced and took the ball on the 18.

He Ain't Mad

Fort Benning, Georgia (AP) \_\_ It was the chaplain's first jump from an airplane at the parachute school, Fort Benning. He was standing in the door waiting for the command "go." And like all normal men he was sweating, and sweating plenty.

Then the command "go." The chaplain was heard to mutter something as he leaped into space. One of the jumpmasters turned to the other.

"What did he say?" The other grinned. "He said, he hopes his boss isn't mad at him today."

"My heartiest congratulations to you and all others for the splendid movement inaugurated to have an aircraft carrier named Gettysburg.

"Visualizing some of these splendid young men we are now training . . . serving aboard a earrier named after thy own home town gave me a renewed feeling of pride as well as even greater conscientiousness of effort in my own humble duties that is just indescribable.

"There is no need for me to express my good wishes for a successful ending . . . to have my home town . . . and the carrier . . . so honored, but I do want you to know of my eagerness to learn the results."

Thanks a lot old fellow. We know you mean every word of your letter and we also know that you are doing a bang-up job for Uncle Sam. And if we should be so fortunate as to have a carrier named Gettysburg we hope that you will be selected as a member of the FIRST crew. Good luck.

In cidentally, Congressman Harry L. Haines informed us Monday morning that his appeal to the Navy department to have a carrier named Gettysburg had been warmly received and that he was assured our request will be given every consideration.

The Chamber of Commerce committee to decide upon the extent of Christmas street lights this year will soon make known its decision.

We certainly hope that the Committee will decide to carry on as in past years. Christmas is an important day in every Christian's life. It is especially important to children. The spirit of Christmas cannot be emphasized too much, especially this year. We are at war, but civilian activity must be carried on as much as possible and this is one Chamber of Commerce featture that should not be abandoned. It means a lot to everyone to remember the natal day of the King of Kings.

### 100 GRADE AND HIGH STUDENTS EARN \$9,000 ON COUNTY FARMS

With the farm and orchard labor crisis past for this year, members of the farm labor committee of the Adams county War board reviewed their season's work at a meeting last Friday evening and reported they had been responsible for 2,800 labor pracements during the past scason with 95 per cent of the persons involved being of school age.

John W. Lucabaugh, Berwick township orchardist and farmer, told the committee that 100 grade and high school pupils from East Berlin earned a total of more than \$9,000 in field and orchard work this year. He knew of one grower who paid more than \$3,600 in wages to school-age help in that part of the

Many Farmers Helped -Committee members said that while their records showed 2,800 actual labor placements the number of workers provided for county agriculture "really was two or three times that figure." The committee placed 894 workers in September and sent 880 persons into apple orchards in addition to help given cherry, vegetable and peach growers and general farmers.

The committee expressed the opinion that the county labor outlook for 1943 has improved by reason of the experience gained this year in recruiting labor and in working out the mechanics for handling the labor problem.

Superintendent J. Floyd Slaybaugh, head of the schools of the county, described to the committee the various plans that town and rural schools put into use in order to help the farmers and fruitmen. Express Thanks

The labor committee, headed by Robert Myers of Hanover R. D., directed its secretary, Richard C. Lighter, to send letters of thanks for their cooperation and assistance to Wirt Winebrenner, coordinator for the state canning industry; the Gettysburg and county superintendents of schools, Dr. Francis B. Haas, state superintendent of Public Instruction, all cooperating high school principals and all others who helped make the program a success. The committee will ask that the letter be read to the student bodies who aided in the harvest work.

> The discussion was led by Robert A. Bream, assistant county superintendent of schools and was participated in by G. W. Lefever, Gettysburg high school principal; Elmer H. Schriver, supervisor for vocational agriculture at the local high school: Lloyd C. Keefauver, superintendent of the Gettysburg public schools, and C. Paul Cessna, alumni secretary at Gettysburg college, all members of the Lions club.

Annual Observance The program, which was conducted in observance of National Education Week, developed a discussion of the increasing emphasis being put upon physical fitness programs in the high schools and the offering of courses to train pupils for immediate usefulness in the war effort in their own community or elsewhere.

3,131 In the course of the discussion it was brought out that high schools are being urged to equip themselves to serve as guidance bureaus between the nation's war services and the pupils. Military drill for high school pupils is being pressed from Washington and an increasing number of high schools is inaugurating courses in pre-flight aeronautics. 22,711 Adult education and the matter of health and nutrition emphasis in the elementary grades also were talked

# Driver Charged After 'Blitz Buggy' Is Ready WIN 28 SEATS A charge of failing to yield the right of way was filed Tuesday after-poon before Justice of the Peace For Use In Air Raids IN SENATE AND

Stationed at East Middle Street Post

A N air raid wardens' service wagon—the latest thing in civilian defense staff equipment -has been completed by the wardens of Post 22, the second block of East Middle street in Sector 1, of Gettysburg, and went on display Friday evening at the engine house on East Middle street.

The "blitz buggy," hand drawn service truck and allpurpose emergency cart, is completely fitted out with all types of tools and equipment that air raid wardens might need in meeting an emergency.

First of its kind in Gettysburg and Adams county, the service wagon may be the first piece of wardens' equipment of its type in the state. Already several communities in the county and other posts in Gettysburg are showing an interest in the vehicle and its all-purpose cargo and there may be duplicates underway before long.

Materials Donated Built almost entirely of donated materials and with only a few dollars spent on equipment, the wagon has been painted a battleship gray, lined in bright red, with proper identifying markings in red, white and blue.

The wagon itself was loaned for the duration by George P. Taylor, Menallen township, president of the board of Adams county commissioners. It was repaired, strengthened and equipped with extra racks, hooks and fixtures for its load of tools. Then it was painted and marked with Civilian Defense emblems, its cargo was installed in "action stations" and the service wagen was pronounced ready for

Designed to be hand drawn, the wagon has a tongue equipped with handgrips for four wardens who will pull the service wagon to the scene of any emergency on the post-or in

the town for that matter. The post wardens that outfitted the wagon may have overlooked an item or two but if they have no one has discovered

Curriculum adjustments in the public schools to meet war and postwar needs of the nation were considered in a panel discussion on the subject of "Education for the Future" at the weekly dinner meeting of the Gettysburg Lions club Monday evening at Mrs. Smith's restaurant.

The discussion was led by Robert A. Bream, assistant county superintendent of schools and was participated in by G. W. Lefever, Gettysburg high school principal; Elmer H. Schriver, supervisor for vocational agriculture at the local high school; Lloyd C. Keefauver, superintendent of the Gettysburg public schools, and C. Paul Cessna, alumni secretary at Gettysburg college, all members of the Lions club.

Annual Observance The program, which was conducted in observance of National Education Week, developed a discussion of the increasing emphasis being put upon physical fitness programs in the high schools and the offering of courses to train pupils for immediate usefulness in the war effort in their own community or

elsewhere. In the course of the discussion it was brought out that high schools are being urged to equip themselves to serve as guidance bureaus between the nation's war services and the pupils. Military drill for high school pupils is being pressed from Washington and an increasing number of high schools is inaugurating courses in pre-flight aeronautics. # Driver Charged After Blitz Buggy' Is Ready WIN 28 SEATS For Use In Air Raids IN SENATE AND

Stationed at East Middle Street Post

N air raid wardens' service A wagon—the latest thing in civilian defense staff equipment -has been completed by the wardens of Post 22, the second block of East Middle street in Sector 1, of Gettysburg, and went on display Friday evening at the engine house on East Middle street.

The "blitz buggy," hand drawn service truck and allpurpose emergency cart, is completely fitted out with all types of tools and equipment that air raid wardens might need in meeting an emergency.

First of its kind in Gettysburg and Adams county, the service wagon may be the first piece of wardens' equipment of its type in the state. Already several communities in the county and other posts in Gettysburg are showing an interest in the vehicle and its all-purpose cargo and there may be duplicates underway before long.

Materials Donated Built almost entirely of donated materials and with only a few dollars spent on equipment, the wagon has been painted a battleship gray, lined in bright red, with proper identifying markings in red, white and blue. The wagon itself was loaned

for the duration by George P. Taylor, Menallen township, president of the board of Adams county commissioners. It was repaired, strengthened and equipped with extra racks, hooks and fixtures for its load of tools. Then it was painted and marked with Civilian Defense emblems, its cargo was installed in "action stations" and the service wagen was pronounced ready for

Philadelphia, (AP) - Republicans took over both branches of the Legislature in Tuesday's balloting, ending the divided political control of the outgoing assembly Zeidler (S) 5,047. in which Democrats held a majority in the House and the GOP dominated the Senate.

Governor elect Edward Martin, Republican, thus will have a Legislature ruled by his own party for the start of his administration, as REPAIR did retiring Governor Arthur H James.

The Republican membership in the House was increased from the present 82 to 116 on the basis of returns early today. Democrats, who had previously held a majority of 126, dropped to 61, with the contest for 30 seats still unrecorded. Employment Service procedure involves the separation of the forms into those showing essential skills, critical skills, and those showing neither essential nor critical skills. The group of criticals is then divided into those utilizing their skill in present employment and those not utilizing it.

The latest available summary figures indicate that as of October 1, when the Gettysburg office had processed approximately 60 per cent of the Questionnaires received, a total of 1,400 persons possessing critical skills and 3,000 persons possessing essential skills had been classified. Of those in critical occupations, 350 were not presently working at the critical occupation,

BURTH ANNOUNCEMENT

# 35 OCCUPATIONS Girl Is Badly (By The Associated Press) HEAVY MISTAKE Indianapolis—Mrs. Betty Johnson returned from a shopping tour to find her living room "sagging" under 40 packages weighing about 70 pounds amage a little man.

daughter of Mr. and Mrs. John Gruver, East Berlin R. 1, was critically burned from head to foot about 7:30 o'clock last Friday evening when gasolineseaked clothing burst into flames in some unknown manner as she played in an implement shed on a neighbor's property.

With her clothes blazing the child ran across the road toward her home and into the path of a truck operated by D. E. Myers, Hampton. Mr. Myers stopped his truck, caught the running child and smothered the flames with his coat.

Meanwhile the flames were spreading in the shed where the fire started. Myers called the East Berlin Fire company and the firemen arrived in time to save the barn and a nearby garage on the Shellenberger property. The implement shed and a tractor stored there were destroyed together with a chicken house that stood nearby. No estimate on the loss was avail-

able today. Condition Serious

The injured girl was taken to the office of Dr. A. W. Kelley, East Berlin, where she was treated for first, second and third degree burns of the back before being returned to her home. Her condition is regarded as serious and may make it necessary to remove the child

to a hospital later today. It was believed that Betty. while playing with two other children, accidentally bumped against the "slide" spout on a 50-gallon drum of gasoline. The fuel soaked her clothing. The manner in which the gas became ignited is not known. The other children escaped from the building before the drum exploded and showered burning gasoline all over the structure.

child ran across the road toward her home and into the path of a truck operated by D. E. Myers, Hampton. Mr. Myers stopped his truck, caught the running child and smothered the flames with his coat.

Meanwhile the flames were spreading in the shed where the fire started. Myers called the East Berlin Fire company and the firemen arrived in time to save the barn and a nearby garage on the Shellenberger property. The implement shed and a tractor stored there were destroyed together with a chicken house that stood nearby. No estimate on the loss was available today.

Condition Serious The injured girl was taken to the office of Dr. A. W. Kelley, East Berlin, where she was treated for first, second and third degree burns of the back before being returned to her home. Her condition is regarded as serious and may make it necessary to remove the child

to a hospital later today. It was believed that Betty, while playing with two other children, accidentally bumped against the "slide" spout on a 50-gallon drum of gasoline. The fuel soaked her clothing. The manner in which the gas became ignited is not known. The other children escaped from the building before the drum exploded and showered burning gasoline all over the structure.

Sergeant Chester S. Byers, who formerly was secretary of the Littlestown Lions club and now is at Fort Myer, Virginia, says that "without a doubt the morale of the boys here has been helped by the USO programs."

Weaver's letter follows:

"I understand that the USO drive in Adams county will soon begin, and, as one of the boys in the service from that district, I wish to urge support of this worthy cause.
